## Template Guide

1.The dotted boxes represent where the handles are stitched inside of each bag
2. Keep text at least 1 " from the edge of each panel
3. If the Background Color on the front/back is different than the color on the bottom of the bag, bleed the background color from the front/back by $3 / 4$ ". This will avoid the color on the bottom of the bags from being visible
4. Critical artwork such as text should not go through the stitch line.
